

## GE Serves-up Delicious Opportunity

---

When it's completed later this year GE Australia's first ever Queensland state headquarters will firstly house around 500 employees and that has presented a potentially delicious opportunity.

The \$85 million state-of-the-art campus designed complex, which will overlook Greater Springfield's south bank style lagoon and parklands will have exciting space for a café. According to leasing agent David Goldfinch the approx. 100sqm cafe which is now on offer is likely to be hot property, with crowds to the swimming lagoon alone tipped to be about 90,000 per annum from when it is due to open early next year. An additional 400 sqm of retail space is also available on the ground floor.

David from Springfield Land Corporation can be contacted on 0401 991 979
