

Talent to flare at Isuzu Queensland Open

It was a case of golf's shining lights and dazzling fireworks at this week's official launch of the 2014 Isuzu Queensland Open.

Brookwater Golf and Country Club played host to the sparkling champagne reception which was attended by players, sponsors, media and more than a hundred excited fans of the championship.

This weekend will mark the second time Queensland's number one public access course has held the prestigious tournament. The party heard from a number of talented hopefuls who will test themselves and each other on the unique and challenging course.

Last year Nick Cullen took out the famous T.B. Hunter Cup. He reckons he can do it again and as part of the launch took part in a fiery flag ceremony to declare game-on.
