

26<sup>th</sup> April, 2017

If you are looking for an easy, excellent service and peace of mind property then I would highly recommend Glen and his team. They will take your "Um'ing" and "r'ing" and "if's and but's" away and give you a piece of mind, time and help you save money.

They make the process easy!! The only thing I had to worry about was what colours I wanted in my new investment property in Yarrabilba! 21<sup>st</sup> Century Group takes care of the rest. They also update you from day one, throughout the whole building process and any news in surrounding projects as well. Not only that, they will answer any questions you have!

If you're looking at getting your first property or looking to expand your portfolio then contact Glen and his 21<sup>st</sup> Century team, you won't regret it.

His knowledge in property growth and real estate is outstanding. Glen is always available and loves to share his knowledge and contacts in the industry.

I highly recommend Glen and his team; I will be using him again in the future.
