Glen Wambeek

21st Century Property Investments Pty Ltd

PO Box 2032

North Parramatta NSW 1750

12 June 2015

So far we have three investments properties built by Glen's company. We purchased our 1st Investment property through Glen in 2003 at Forest lakes. The 2nd property in 2012 and this year we have purchased a 3rd property at Springfield Lakes.

Right from the beginning Glen came to our house to explain the process of purchasing an investment property. We went to QLD to pick a plot of land for the first 2 properties. By the time we were ready to purchase the third house we just left it up to Glen as Glen has never let us down. The Springfield Lakes area is amazing with a huge amount of potential growth.

Glen guided us through the process of the build, providing help and support when required. We can call or email Glen at anytime and he will always get back to us straight away. Throughout the build Glen provided regular updates and photos on the progress of the house. Once the house was completed, the service didn't stop there as Glen even arranged for a tenant.

The reason why we come back to Glen again and again is the one on one personal service. When you deal with Glen it is like you are Glen's exclusive customer. In a nutshell, Glen takes care of everything.

For anyone thinking about investing in property at Springfield Lakes, Glen Wambeek will be your ideal solution to investing for your future.

We totally trust Glen as he knows the property investment business, and we are so pleased to have taken this step.

Glen, we thank you for your excellent advice and all your help.

I would have no hesitation to recommend Glen and his staff at 21st Century Property Investments.
