

To Whom It May Concern

I would like to take this opportunity to thank Mr. Glen Wambeek of 21st Century Property for his help and assistance with the purchase of my property and construction of my house in Queensland.

The entire process from start to finish went very smoothly and was always handled very professionally. I found Glen to be the most patient and understanding when answering all of my questions. He always returned my calls and kept me up to date with what was happening and also what stage the construction was at.

Once the house was completed it was occupied within a week and like Glen the rental agents have been very helpful.

Glen is a very honest person and is so confident with the product he is offering that he doesn't have to use any sales pressure. I would not hesitate in recommending him to any future property investor.

Regards
