Glen,

As I mentioned in previous correspondence, "When you are on a good thing, you should stick to it".....Well you and your team are a "GOOD THING"...

We have purchased our 3rd propoerty and once again, your guidance and professionalism made the whole deal a breaze..

I intend changing the rental agent for all my properties to your team, and the main reason for this is that if this part of your company conducts themselves in the same manner as you have done for us then we must be on a winner...

Maureen and I see ourselves closer to the retirement we want, and for this we owe you a real vote of "THANKS"...

Keep on keeping, the world needs real professionals as you and your team..

Thanks

Jim
