

To Whom It May Concern:

We would like to take this opportunity to thank Mr. Glen Wambeek of 21st Century Property Investments for his professionalism and advice on investment property.

We chose to buy a block of land at North Lakes and build a investment property. Glen helped us with every aspect and I mean every aspect he was never to busy to Consult with us about the investment property. He kept us up to date with photos and documentation.

The result from our first meeting with Glen is we now have an investment property At North Lakes and just as Glen said it was rented out just days after completion. Can you believe it a guy who tells you whats going to happen and it actually does. We could not be more pleased with Glen and 21st Property Investments and recommend Them to you.

Yours sincerely
P & J Moore
