This letter is by way of a testimonial to the services provided by Glenn Wambeek.

I was introduced to Glen by Joyce Campbell who was a work colleague. I was very sceptical at first but knowing Joyce is quite a conservative person, and has actually bought a second property from Glen I knew this was something I would like to look into.

On meeting Glen I felt very at ease with him and very comfortable with what he was selling. Apart from being a genuine guy, who is passionate about what he does Glen has an extraordinary memory. We had dinner and he told me about some of his other clients, we discussed my options and I was left to think about it without feeling any pressure.

Notwithstanding Joyce knowing Glen, after actually meeting Glen and reading many of his testimonials I was thinking this guy is too good to be true, nobody gives service like that these days. So being the cautious person I am with money I rang a few referees to see if the letters were true. They were and I now find myself writing one of the same letters of praise.

From my trip to Brisbane to choose the land, right through to the actual completion of the home in Springfield Glen's attention to detail in keeping me informed of developments was extraordinary. No matter how trivial my questions or requests he always answered them in a timely manner.

Up until a couple of weeks ago I had not seen my completed property, even though it has been rented for 8 months. On a recent trip to Queensland I was able to see my property and I had a builder with me, who said it was a well built home. I was ecstatic with the result, and am looking forward to securing my next property with Glen.

Please feel free to ring me to confirm what I have written if you have any reservations whatsoever. I cannot recommend his product and services enough.

Yours faithfully
