**IF YOU BUILD IT....THEY WILL COME!**

Well it seems that way through Glen Wambeek and 21<sup>st</sup> Century Group. Recently we completed our first investment property through Glen upon the recommendation from our Accountant. From Glen's initial visit through to completion and occupancy of our investment property Glen has guided us along the way. We flew to Springfield Lakes to have a look for ourselves and what we saw proved the adage correct confirming our decision to invest there was the right one for us.

If you are considering property investment take a look at Springfield Lakes and talk to Glen. For if you build it (investment property) they (tenants) will come - to Springfield Lakes and as a landlord that's exactly what you want!!

Regards,

JOHN & BARB ALDRED.
