

28 August 2017

Dear Glen,

My Wife and I, would like to personally Thank you for taking us on our first Property Investment journey. The personal attention we received from Glen and the Team at 21st Century Group made the decision and process of Investing an easy one. We, were looked after by Glen and the Team from the beginning including meeting Glen for the first time and till Settlement of the property and now Managing our property. For those whom are curious about Property Investment, Glen and his team will deliver, follow through and answer any questions (including personally calling the Building Supervisor on a Saturday afternoon to answer a query). We look forward to working with Glen and the Team in the near future and continue without hesitation to praise and recommend his company.

Thanks again to Glen and the Team at 21st Century Group for building our Property. Also, a special Thanks to Veronika and Maryanne.

Yours Sincerely,

Chris Joseph
